Total No.of Employees: 40+

Total branches: Head office + 2 branches

Management Directory:

- Mr.Ajinkya Huddar- Managing Director
- Mrs.Himani Huddar- Director
- Mrs.Shubhangi Huddar- Director

Business Profile:

Pelf InfoTech Private Limited, is a Quality-driven IT Engineering solution and Service provider company in the areas of CAD -CAM - CAE, Customization, API Development, Analysis ,Animation, Reverse engineering, and Training. Our aim is to provide design, development and training assistance to industries with the help of various engineering solutions.

Pelf has started its journey in 2002 with the team of 3 employees. The meaning of pelf is Professionalism, Efficacy, Long-Term Relationship blended with Flexibility. Earlier Pelf was functioning from Pune only for western Maharashtra but progressively it has expanded its business in central Maharashtra, it has started its branch in Nagpur in 2011, Pelf has also started Kolkata operations in 2013, catering to Eastern India. Now Pelf has 3 multiple location branches with more than 40 manpower.

Pelf has honoured with various awards like Best account mapping award across Defence & PSUs, Club 100% Award, Best VAR award, Best VAR in multi-product award and many more.

Company Strategy:

Purpose: To be a market leader in CAD, CAM, CAE industry by providing enhanced services, relationship and profitability.

Vision: Understand and satisfy the needs of CAD technology –globally

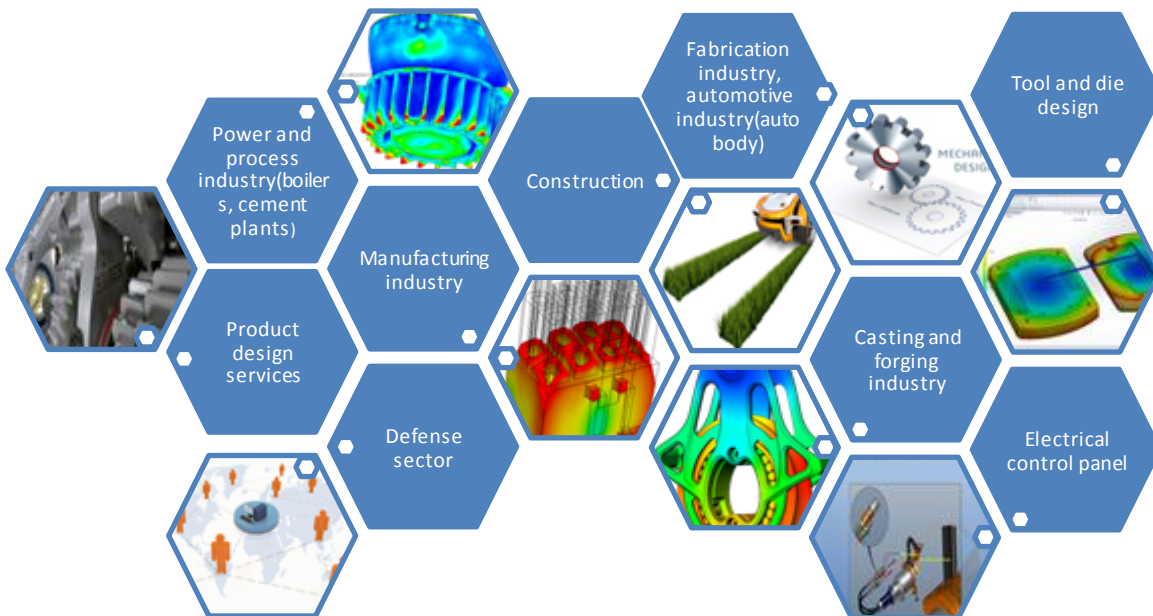

Mission statement: To implement best software methodology that suits customer expectations by working closely with the customer. To deliver quality results, the first time, every time.

Core values: We believe in treating our customers with respect and faith. We grow through creativity, invention and innovation.

Goal: To provide solution in the areas of design, development and provide training assistance to industries with the help of various engineering solutions.

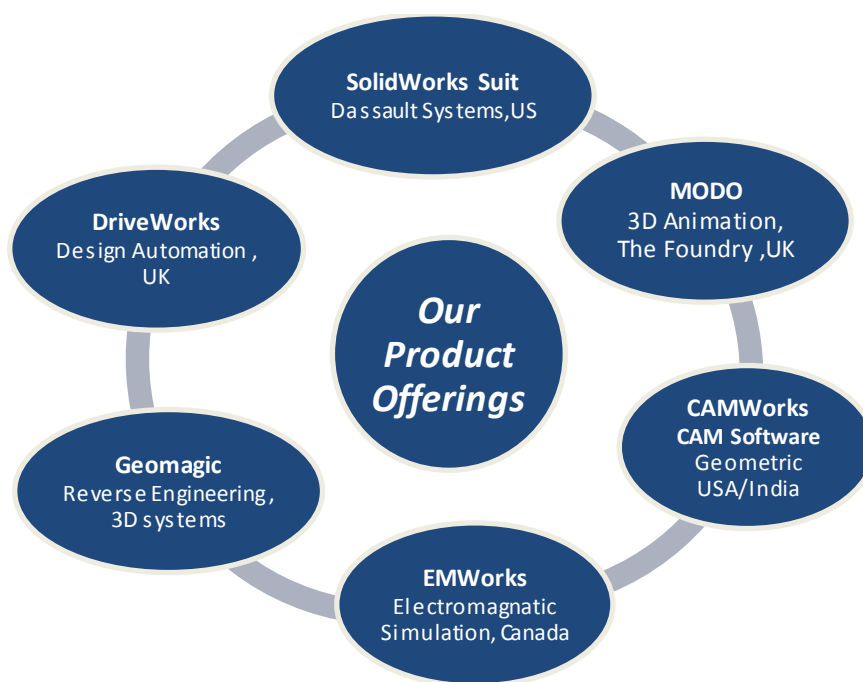

Scope of Work:

Our products and services are catered in following industries:

Our offerings: Products

We offer various engineering solutions for different applications.

- We are the Technology and Software Sales partner (VAR) for Dassault Systemes' SolidWorks Corporation, USA for the sales & promotional activities of all SolidWorks suite of products like:
 - ✓ **SolidWorks 3D CAD:** Mechanical Design 3D Software
 - ✓ **SolidWorks Simulation:** FEA/FEM Analysis Software
 - ✓ **SolidWorks Electrical:** 2D/3D Electrical design Software
 - ✓ **SolidWorks Plastic:** Injection Molding Analysis
 - ✓ **SolidWorks EPDM:** Data Management Solution
 - ✓ **SolidWorks Composer:** Technical Communication/publication

- We also offer **SolidWorks Educational license** for educational institutes, colleges, universities. We also offer **SOLIDWORKS in training institutes** known as **SATC** (SOLIDWORKS authorized training Centre.)

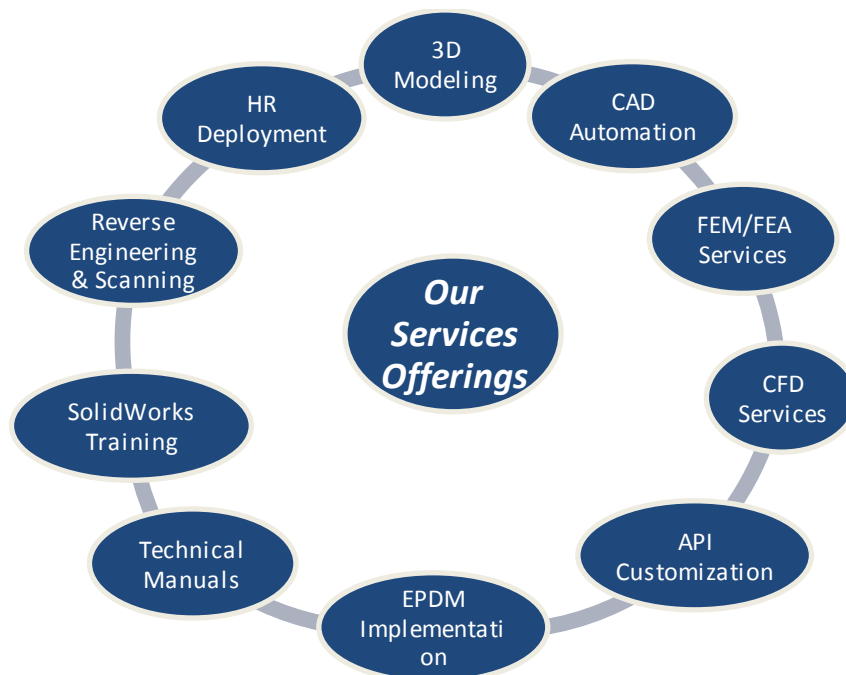

- **Solution for Animation:** We are the one and only partner and distributor for 3D animation solution (MODO) for entire India. MODO is a product of UK Company named *The foundry*. MODO caters its services in design animation, Walkthroughs for engineering plants, factories, commercial as well as residential buildings, photorealistic rendering, exploded views ,design exploration, game content creation, character animation, high quality advertising images.

Pelf InfoTech Pvt Ltd

- **Solution for Machining:** CAMWorks-Geometric Product. CAMWorks, a parametric, solids-based CNC programming software system, brings in a revolutionary way to help machinists around the world program smarter and machine faster.
- **Solution for Electrical Simulation:** Electromagnetic Design and Simulation software Canada. ElectroMagneticWorks Inc. (EMWorks) provides electromagnetic and magnetic software and simulation tools based on the finite element method. The company's flagship products are EMS, HFWorks, and ATLASS. Together, these products cover a wide range of electromagnetics applications operating at DC to millimetre wave frequencies.
- **Solution for Reverse Engineering:** Geomagic-3D systems US: Bring physical objects directly into CAD, supercharge your product development process, and automate precise 3D inspection with Geomagic Capture - the powerful, integrated, industrial-grade 3D scanner and software system.
- **Solution for Design Automation:** DRIVEWORKS-DRIVEWORKS UK: The software is used for Design Automation and Sales Configuration by companies large and small. DriveWorks software is modular and scalable. You can implement DriveWorks and grow your projects at your own pace.

Our forte in Services:

Apart from products we also offer services in following areas:

Pelf InfoTech Pvt Ltd

PIPL also has an experience in a range of working with consultants, contractors, Government organizations, architects, engineering units, etc. We have successfully accomplished Turnkey projects related to Mechanical Engineering, Civil Engineering, Architecture and Electrical Engineering.

Today Pelf has more than 300+ customer base. We are pleased to name a few of them.

- **Product Design:** Kirloskar Ebara Pumps Limited, OYSTAR HASSIA INDIA-Hassia Packaging Pvt. Ltd, TACO Hendrickson Suspensions Pvt. Ltd., Osborn Lippert India Pvt. Ltd.
- **Manufacturing :** TAL Manufacturing Solutions Ltd., GE India Industrial Pvt. Ltd., DJR Delux Bearings Limited , Techno shell Automation Pvt. Ltd. , Atlas Copco (India) Ltd. , Walchandnagar Industries
- **DRDO:** (R&DE) (Research & Development Engineers Establishment), Pune , ARDE(Armament Research & Development Establishments),Pune, VRDE Vehicle Research & Development Establishment, Ahmednagar , (HEMRL)High Energy Materials Research Laboratory ARDE,PUNE
- **Power & Process:** Forbes Marshall, THERMAX, Aker Power gas Subsea, Alfa Laval India Ltd.
- **Educational & Research Institutes:** MIT,Pune , DSK Global Educational Research Pvt. Ltd., ISB&M School of Technology, Pune, IUCCA, Pune, LIT, Nagpur, Finolex Academy of Management & Technology
